

European School Radio, The first student radio

European School Radio, is a web-radio with audio productions from hundreds of school radio groups all over Greece and some from Europe Operation 24hr/365days. Thousands of pupils produce a full scheduled weekly radio programme, in a variety of shows, spots. Radio groups have their own presence and profile with a plethora of media type involved, such as pictures, videos, text etc about there activities and their show. All these coexist on a special made platform (europeanschoolradio.eu) which also comprises the ESR Community component so that all communication with each other take place. Many radio groups from different schools produce joint audio shows, schedule in the programme and promote within our social media (europeanschoolradio.eu/blog) and in Facebook/Twitter etc. All the above are offered in various european languages (mainly greek, english, french).

More than 3000 radio shows so far are in the Web Radio database.

We expect European Shools participating since the Radio programme involves english or other spoken languages.

You are more than Welcome!!
